CURRICULAR UPDATES

Middle School ELA Curricular Updates: Baldwin Middle School is excited to announce that our 6th, 7th & 8th Grade ELA teachers will begin to use the Amplify ELA program, which will provide our students with exceptional learning opportunities throughout the school year in their ELA classroom. Starting at the end of the 22-23 school year, the ELA, Special Education & ESL teachers began participating in professional development sessions with representatives from Amplify and networking with educators from neighboring districts to prepare for this coming school year. The Amplify Program is developed and based on research that is aligned with the science of reading.

What is Amplify ELA?

Amplify ELA helps students in grades 6–8 read and understand complex texts that encourage them to grapple with interesting ideas and find relevance for themselves. Amplify ELA is a blended program that includes both digital and print materials, as well as a print-only version. Students using Amplify ELA read text passages closely, interpret what they find, discuss their thinking with peers, and develop their ideas in writing. The lesson structure is easy to follow, but flexible enough to allow for a variety of learning experiences and varied enough to keep students engaged.

Throughout the school year, we will provide highlights, updates, and additional information in the weekly updates concerning Amplify. Parents/guardians are encouraged to contact their child's ELA teacher if they have questions or need additional support to help their child.

PARENT INFORMATION

6th Grade Take Home Folder: All 6th grade students have been given a blue take home folder from their homeroom teacher. This folder is to be used as an organizational tool for assignments and important updates from the school. Along with the folder, students have also been encouraged to write their daily assignments and upcoming tests for each class on their agenda sheet. Please encourage your child to be using their take home folder and writing on their agenda sheet to form good habits of staying organized.

Meet the BMS Counselors

School Counseling Department Update: Our counseling department is a dedicated group of educators who collectively work as a cohesive team that has seamlessly established a rotation schedule between the two buildings to ensure that the students, families, and concerns are being addressed and met.

Each counselor can be reached via phone; however, due to splitting our time between buildings, we request that parents and guardians communicate through email. Email guarantees that each counselor is aware of any concerns/issues and can address the situation within the appropriate setting in a timely/efficient manner.

- If a student lost their device. They can stop by the Tech Office for a replacement device. A damage report will be written for the cost of the lost device which can range from \$290.00 - \$353.47.
- If a student needs to borrow a device or charger for the day. There is a chromebook cart located in the 6th grade office. Where a device or charger can be signed out and collected at the end of the day, or when the student is done using it. The number of devices and chargers are limited. If a student is repeatedly borrowing a device they will be asked to see the Tech Office.
- If you are moving from the District, please leave your Chromebook AND charger with a staff member. Do not take it with you. It belongs to BWSD. Remember, you are borrowing the device while you are here.
