CURRICULAR UPDATES

What is Amplify ELA? Amplify ELA helps students in grades 6–8 read and understand complex texts that encourage them to grapple with interesting ideas and find relevance for themselves. Amplify ELA is a blended program that includes both digital and print materials, as well as a print-only version. Students using Amplify ELA read text passages closely, interpret what they find, discuss their thinking with

peers, and develop their ideas in writing. The lesson structure is easy to follow, but flexible enough to allow for a variety of learning experiences and varied enough to keep students engaged.

Throughout the school year, we will provide highlights, updates, and additional information in the weekly updates concerning Amplify. Parents/guardians are encouraged to contact their child’s ELA teacher if they have questions or need additional support to help their child.

Meet the BMS Counselors

School Counseling Department Update: Our counseling department is a dedicated group of educators who collectively work as a cohesive team that has seamlessly established a rotation schedule between the two buildings to ensure that the students, families, and concerns are being addressed and met.

Each counselor can be reached via phone; however, due to splitting our time between buildings, we request that parents and guardians communicate through email. Email guarantees that each counselor is aware of any concerns/issues and can address the situation within the appropriate setting in a timely/efficient manner.

Student Tech Tips:

- Remember when your Chromebook is in your backpack, do not throw your bag in your locker or on the floor. To prevent a cracked screen, be sure there is nothing between your screen and keyboard when you close it.
- Eating and drinking while using your Chromebook is not a good idea. Even water bottles in your backpack may leak onto your device. If liquid does get on your Chromebook, do not power it on. Keep the lid closed and bring it to the Tech Office as soon as possible.
- The Tech Office does not lend out Chromebook chargers. If you lose yours, they are \$29.95 to purchase from the Tech Office. Insurance **does not** cover lost chargers (or lost Chromebooks). Please do not purchase an off-brand charger. Those chargers will not be accepted when you turn in your device.
- If a student lost their device. They can stop by the Tech Office for a replacement device. A damage report will be written for the cost of the lost device which can range from \$290.00 - \$353.47.
- If a student needs to borrow a device or charger for the day. There is a chromebook cart located in the 6th grade office. Where a device or charger can be signed out and collected at the end of the day, or when the student is done using it. The number of devices and chargers are limited. If a student is repeatedly borrowing a device they will be asked to see the Tech Office.
- If you are moving from the District, please leave your Chromebook AND charger with a staff member. Do not take it with you. It belongs to BWSD. Remember, you are borrowing the device while you are here.
- Remember to keep your password private. Anything done on your Chromebook is your responsibility.
