Dear Baldwin-Whitehall School District Community Members,

The Baldwin-Whitehall School District Wellness Committee is still looking for members to round out our recently reinstated committee. The Committee would like to invite members of the Baldwin-Whitehall community, parents, school administrators, school board members, teachers of physical education, teachers, students, and school health professionals to become part of the committee.

Committee members will serve as an advisory committee to the District regarding student health and wellness. Members will be invited to participate in the development, implementation, review, and assessment of the School Wellness Policy.

The Baldwin-Whitehall School District's Wellness Policy guides how our schools make the healthy choice, the easy choice. You can find a copy of Policy 246 School Wellness here:
