

# Summary of Community Blue Flex PPO Blue Benefits

On the chart below, you'll see what your plan pays for specific services. There are two levels of network benefits coverage for certain services: Enhanced Value and Standard Value\*. When you receive services from providers at the Enhanced Value level of benefits, you will pay less out of pocket. You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital.

*(Please have your Reference Code ready when you call.)*

- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning July 1<sup>st</sup> and ending June 30th.
- (2) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (3) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (4) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
- (5) The formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. It includes products in every major therapeutic category. The formulary was developed by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. Your program includes coverage for both formulary and non-formulary drugs at the specific copayment or coinsurance amounts listed above. Under the soft mandatory generic provision, you are responsible for the payment differential when a generic drug is authorized by your provider and you purchase a brand name drug. Your payment is the price difference between the brand name drug and generic drug in addition to the brand name drug copayment or coinsurance amounts, which may apply.
- (6) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health benefit.

The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government, TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.

Please be advised that most eligible consent decree services will process under the Standard Value level of benefits.

*\*The terms "enhanced value" and "standard value" are not descriptors of the provider's ability. This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy / plan documents, as limitations and exclusions may apply. The policy / plan documents control in the event of a conflict with this benefit summary.*
