Look for New ID Cards in June!

You will receive two new ID cards in mid-June: a new medical card from Highmark and a pharmacy card from OptumRx. Use both cards starting July 1!

Using Medications by Mail or Specialty Medications?

Your open prescriptions will automatically transfer to OptumRx or Optum Specialty Pharmacy. You'll receive a letter in June with information about this change.

If You Receive a Letter from OptumRx About One of Your Medications:

Read it, and show it to your physician. Some medications are not in the OptumRx formulary; your doctor will need to prescribe a clinically equivalent drug or pursue an appeal.
